

## Service Year NC AmeriCorps VISTA Program

*Start date: February 4, 2019*

### [Institute for Emerging Issues \(IEI\), Raleigh, NC](#)

The VISTA at IEI will work on a statewide level, contributing to initiatives that support low-income communities across North Carolina including Text, Talk, Future, a texting-based program to encourage peer conversation around college and career readiness to get high school students talking about their career options after graduation.

We are looking for a go-getter. Someone who is highly organized, and not afraid to jump into the work and learn while doing. The position will require outreach to partners all across the state, so we are looking for someone with outstanding communication skills. Experience working in schools or with teachers, counselors or school administrators is a bonus.

### [Reidsville Area Foundation \(RAF\), Reidsville, NC](#)

The Reidsville Area Foundation (RAF) provides support to local organizations, initiatives and programs that address educational, health, and community development needs. The VISTA will build the capacity of residents of ParkView Village, a public housing authority, to build, formalize, and operate resident-led programs and peer support mechanisms.

The ideal candidate will be someone who has direct experience working with and/or living within a public housing community as well as some experience of community development. The role will provide opportunities for innovative thinking, support for professional development, and hands-on experience in the philanthropic sector.

**Application Process:** To apply and for application deadlines, use the links above. All applicants must create an account through [MyAmeriCorps](#).

### **AmeriCorps VISTA Benefits:**

- AmeriCorps VISTA Stipend (\$12,312/year)
- Education Award (\$6,095)
- Healthcare benefits
- Relocation assistance, child care assistance, if eligible
- Loan Forbearance/Deferment, if eligible
- Non-Competitive Eligibility (NCE) Status for federal jobs
